# Computer & Technology Class

## Listen to Music for Free

### In this class we'll learn about:

- An app to create personalized radio stations featuring your favorite music
- An app for your mobile device to play songs, artists, and albums you like
- Free and paid subscription options for music
- Websites that let you listen to music from a computer
- An app to identify any song which you hear playing

## Pandora

If you have an iPhone, iPad, or iPodTouch, go to the App Store on your device

If you have an Android phone or tablet, go to the Play Store on your device

Search for the Pandora app

Install the free app on to your device

Create an account with your email address and a password

Create a radio station

Edit your radio station: thumbs up or down, add a new artist

Create another radio station: as many as you like for free!

Pandora only works when your device is connected to wifi or using cell phone data

Free Pandora plays ads as you listen

Pandora One costs \$4.99 per month, and no ads are played

Pandora can also be used on a computer by going to [www.pandora.com](http://www.pandora.com). The same radio stations you create will appear on any computer or mobile device when you sign in to your Pandora account.

## Spotify

Search for the Spotify app

Install the free app on to your device

Create an account with a username, password and your email address or log in with your Facebook account

Search for music you like and listen to the exact song you want to hear

Next to the song, press the 3 dots for a menu

You can save you favorite songs, create a playlist, start a radio station

Tap Your Music to find saved songs, albums and playlists

Tap Browse to listen to pre-made Spotify playlists based on genres and moods

Free Spotify plays ads as you listen and works only when your device is connected to wifi or using cell phone data

Spotify Premium costs \$9.99 per month. No ads are played and you can download songs, albums and playlists to your device to listen offline

Spotify can also be used on a computer by going to [www.play.spotify.com](http://www.play.spotify.com). The same music you save will appear on any computer or mobile device when you sign in to your Spotify account.

## Shazam

Search for the free Shazam app

Install the free app on to your device

You do not need to create an account.

When music or TV is playing, tap the Shazam logo

Within seconds, Shazam will display the song title and artist name. Scroll down to see options to purchase the song, read lyrics, find concert dates, and more.
