

THE PREPAREDNESS MONTH GUIDE TO Estes Valley Emergency Alerts

Larimer County: Text 888777

Features

- Great for visitors!
- No logins or downloads
- Start and stop alerts instantly

Who can use it?

Anyone, anywhere, with a mobile device that can receive texts

Which alerts will I get?

All updates about the topics of your choice. Keyword options include all county alerts, alerts for just your community, or information about a continuing incident, like a particular flood or fire.

How it works

Text **NOCOALERT** to **888777** for all alerts, or text specific keywords to 888777 to follow a topic. Check nocoalert.org/community/ and nocoalert.org/keyword/ to find keywords for your area or for new events like FLOOD2022. Text STOP to unsubscribe.

Larimer County: nocoalert.org

Features

- Get alerts for any address in **Larimer County**
- Add additional devices
- Customize which kinds of alerts you receive
- See alert zone maps

Who can use it?

Anyone who wants to monitor a Larimer County address. *Landlines in Larimer County receive audible NoCo Alerts automatically*

Which alerts will I get?

Alerts where the alert zone includes one of your addresses, depending on which alert types you subscribe to

How it works

Create a nocoalert.org account and customize your profile. You can add multiple phone numbers and emails, receive alerts for one or more Larimer County addresses, and edit your subscriptions to control the types of alerts you receive. You can view the alert zone map and a list of recent alerts without creating an account.

Boulder County: boco911alert.com

Who can use it?

Anyone who wants to monitor an address in or just outside Boulder County. *Landlines in Boulder County receive audible Boulder County alerts automatically*

Which alerts will I get?

Alerts where the alert zone includes one of your addresses, depending on which alert types you subscribe to

How it works

Create a boco911alert.com account and customize your profile. You can add multiple phone numbers and emails, receive alerts for one or more Boulder County addresses, and edit your subscriptions to control the types of alerts you receive. Anyone can view a list of recent alerts without creating an account.

Estes Valley Emergency Apps

FOR YOUR MOBILE DEVICES

Larimer County: ReachWell app

Condado de Larimer: ReachWell aplicación para móvil

Features

- Get a list of all county emergency alerts in your choice of more than 100 languages
- Chat with county emergency services

La aplicación ofrece

- Una lista de sistemas de avisos para los residentes del condado, disponible en más de 100 idiomas.
- Comunicación con un operador de servicios de emergencia a través de un sistema de mensajería.

Who can use it?

Anyone with an Android or iOS device. Search for "ReachWell" in your device's app store and look for the paper airplane logo.

¿Quién puede usarlo?

Cualquier persona con un dispositivo Android o iOS. Busque "ReachWell" en la tienda de aplicaciones de su dispositivo y busque el logotipo del avión de papel.

Which alerts will I get?

- A list of emergency alerts in Larimer County.
- Optional push alerts

¿Qué alertas recibiré?

- Una lista de alertas de emergencia en el condado de Larimer.
- Alertas de inserción opcionales

How it works

Download the app, click Add, and search for **NoCo Alert**. Verification is optional. Verified users can chat with LETA in the language of their choice. *Many schools and other organizations are also available to follow in the ReachWell app.*

Guía básica para los usuarios

Descargue la aplicación y seleccione **Add**. Para encontrar el sistema de alerta, escriba **NoCo Alert** en la barra de búsqueda. La activación de la función *Verificación* es opcional, pero tenga en cuenta que el sistema de mensajería depende de esta función. *Con la aplicación para móvil de ReachWell también podrá permanecer en contacto con varias escuelas y fundaciones públicas en el área.*

Estes Valley: PulsePoint app

Features

- Follow emergency response agencies and see what incidents they're responding to

Who can use it?

Anyone with an Android or iOS device. Search for "PulsePoint" and look for the heart logo.

Which alerts will I get?

- A list of incidents your emergency agency is responding to, incident type and address, and which agency equipment is responding
- Optional push alerts

How it works

Download the app and follow the **Estes Valley Fire Department**.

Loveland Fire, Poudre Canyon Fire, Poudre Fire, Red Feather Lakes Fire, Glacier View Fire, and a few other Colorado agencies are also available in the app.
